This is a great opportunity to be involved in the early career of a very promising filly. Her only sibling to run to date ran in a listed bumper at Cheltenham on debut and is very highly thought of by trainer Alan King. The plan with this exciting filly is to start her career off in bumpers during the summer.

The £150 per month covers all costs up until 31/09/2017 then we will decide on whether to continue with this horse or introduce a new one into the club.
